

2024 NSERC USRA Summer Studentship Program Guidelines

The Office of Research, Scholarship and Community Engagement (ORSCE) is accepting applications for the Undergraduate Student Research Awards (USRA) Summer 2024 program (May-August). The NSERC USRA is designed to stimulate undergraduate interest in research in the natural sciences and engineering.

Program Updates

Successful applications from self-identified Black and Indigenous student researchers for USRAs will be awarded outside of our institutional allocation of seven (7) awards.
