Please note: Many courses have prerequisites. All students are responsible to ensure that they have the appropriate prerequisites before enrolling in their courses. Please refer to the Mount Royal University Calendar for prerequisite listings. Every effort is made to ensure this document is up-to-date, but in the event of a discrepancy between this degree checklist and the academic calendar, the academic calendar is deemed correct.

# Bissett School of Business

# Institute for Innovation and Entrepreneurship

Launched in 2012, the Institute builds on the rich history of Mount Royal University's award-winning entrepreneurship program. The Institute's vision is to graduate the most entrepreneurial minds in Canada, and achieve that by:

- Delivering the highest quality instruction, highlighted by innovative experiential learning
- Providing students with opportunities and resources to exercise their entrepreneurial minds outside of the classroom setting
- Thoughtfully engaging the broader community in the education of our students
- Creating a physical space that fosters creativity, collaboration and innovation
- Advancing the scholarship of teaching and learning of innovation and entrepreneurship

The Institute is home to Slate - the minds, projects and startups of MRUs brightest entrepreneurial students. With 1400 ft<sup>2</sup> of whiteboards, breakout rooms, and collaborative space, Slate has become the hub for MRUs most innovative students.

For more information on the Institute, check out www.mtroyal.ca/innovate.

### **BBA Terminology**

#### The BBA is made up of:

- 16 core courses (that all BBA students must take)
- 10 major courses (dependent on the major/concentration you choose)
- 10 General Education courses (the breadth of your degree)
- 4 elective courses (courses of your choice, but could include BBA minor or Honours coursework, exploratory coursework to help you choose your major, further coursework in your intended field, international exchange courses, and field tschool opportunities)

#### What are...

**Pre-requisites** - courses that must successfully be completed *PRIOR* to taking a higher-level course (i.e. ACCT 2121 is a pre-requisite for ACCT 3224). **Co-requisites** - courses that can be taken concurrently with other coursework (i.e. LSCM 3403 is a pre or co-requisite for MGMT 5333).

**Recommended preparation** - where having prior coursework in the subject may prove beneficial to students, but is not required for higher-level courses.

## **Advice from your Advisors**

- Consider a balanced approach when picking your courses
  - \* Take core, major, general education and elective courses each semester.
  - \* Consider your personal strengths and weaknesses when picking courses to achieve a reasonable courseload and workload.
  - \* Keep in mind your commitments outside of the classroom (work, student clubs, volunteering, etc.) when determining your schedule of courses.
- Communicate any difficulties that you are having with your professor the earlier you identify any issues, the earlier you can address them!
- If you aren't sure what to major in, use your electives to explore areas of interest - the earlier you do this, the earlier you can declare your major and plan the rest of your degree.
- The majority of core BBA courses are offered in the Fall, Winter and Spring semesters - but major specific courses may only be offered once per year or only in the Fall and Winter. Consult with your Advisor if you have questions.

# **Outside the Classroom - Things to Consider**

### **FIRST YEAR**

### es include common first-year introductory business

courses and General Education courses
